MR. ZORA HILL RE-ELECTED POLICE COMMISSIONER.

the City Council-General

Special Correspondence of The Evening Star. ALEXANDRIA, Va., July 13, 1904. At the regular semi-monthly meeting of the city council last evening a joint session of the common council and the board of al-

dermen was held for the purpose of electing a police commissioner for the first ward and filling vacancies in the board of school trustees. There being no opposition to Mr. Zora Hill, the incumbent, he was unanimously re-elected. The election of three school trustees had been made necessary by the resignation of Col. Francis L. Smith. long the chairman of the board, and Mr. R. P. Aitcheson and the transference of Mr. Lawrence Stabler from the fourth to the first ward by the recent change in the boundary lines of the wards. Dr. William M. Smith and Mr. Thomas Fannon were chosen for the fourth ward and Mr. Stabler

Reporting on a resolution for the appro-priation of \$500 for the entertainment of the state firemen's convention here in August the finance committee recommended that the sum of \$250 be appropriated for that purpose and the report was adopted. Some discussion was occasioned by a resolution appropriating \$7,500 for the construc-tion of a five-foot brick trunk sewer under Peyton street from Duke street to King street, and under King street from Peyton street to West street. Mr. Snowden called attention to the estimate of \$18.625 for the cost of streets and sewers for the fiscal year. He pointed out that after five weeks of the current year \$7,200 had been appropriated for this purpose and declared that the proposed new appropriation of \$7,500 would leave an insignificent balance in the total estimate. Mr. Leadbeater was in favor of the appropriation, stating that, in his belief, the improvement should be made to encourage the extension of build-ing in that section of the city. He thought that if the work had been commenced six NE each of beautiful or eight years ago there would now be 500 more houses in that part of the city.

The matter was referred to the committee on finance and streets.

The ordinance providing for the erection of safety gates at the railroad crossing at the intersection of Henry and Oronoco streets was called up by Mr. Johnson, He declared that the place was in an exceedingly dangerous condition. On motion of Leadbeater the matter was recom railroad time to appear before the committee. A resolution appropriating \$300 to provide a gutter and put gravel on Payne street from King street to Commerce street was adopted. A resolution appropriating \$400 to construct a sewer under a section of Fairfax street was referred to the street committee. After taking action in a few other matters relating to the streets council

Death From Morphine Poisoning. The remains of Percy C. Parrish, whose death from an overdose of morphine occurred yesterday afternoon, will probably be forwarded this evening to Danville, Va., the former home of the deceased, for interment. Instructions from relatives as to the immediate disposition of the body were be-ing awaited this morning. Coroner Purvis, who was with the unfortunate man before death occurred, deemed an inquest unneces-

death occurred, deemed an inquest unnecessary. A certificate of death from morphine poisoning was given. Parrish was employed as manager of the drug store of W. F. Creighton & Co., at the corner of Patrick and Queen streets.

Yesterday afternoon he telephoned to the King street drug store of Creighton & Co., stating that he was ill, and asking that some one be sent to the place. Mr. William A Joly went in response and found Par-A. Joly went in response and found Par-rish acting in an unnatural manner. He retired to a back room, where a few min-utes later he was discovered on the floor in a stupor. Dr. W. R. Purvis and Dr. W. M. Smith worked over the dying man for a half hour, but without avail. It was found that he had swallowed a very large dose of the drug, and was beyond human aid when the physicians arrived. Whether he had taken the poison by mistake or whether with suicidal intent is not known. He had been in a condition of physical and mental depression for several days. The remains were taken to the undertaking rooms of W. Demeine & Son on King streat and pre-Demaine & Son on King street and pre-pared for burial. Parrish was about forty-two years of age and unmarried. He came two years of age and unmarried. He came here a month ago from Danville, where, it is said, he had a sister living. A brother, who is a druggist, is said to be living in Smithfield, Va., where a telegram has been sent. Several years ago the deceased was a clerk in the drug store of Dr. J. D. H. Lunt in this city. Lunt in this city.

General Matters.

Justice Caton disposed of several minor cases in the Police Court this morning. Sophia Tolson and Sadie Green, both colored, were charged with assaulting Nellis Jones. Sadie was fined \$5 and Sophia, who had behaved badly at the station house, was assessed \$7.50. Daniel Corbin, colored, was assessed \$1.00. Dained colored, charged with stealing ice, was dismissed. Another item on the docket was "Thomas Arrington, drunk and disorderly, \$2.50."

Matters of especial interest will be considered this evening at a called meeting of the 17th Virginia Regiment Chapter, United Daughters of the Confederacy, in Lee Camp Hall, on Prince street, at 7:30 o'clock.

The trial of Richard Burnett, indicted on the charge of stealing a large batch of shoes from a car on the Washington Southern railroad in April, took up most of the attention of the corporation court this morning, Judge Louis C. Barley presiding. The Braddock Heights base ball team added another victory to its already long list by defeating the Young Athletic Club of this city yesterday on the former's grounds in a close and exciting contest by the score of 12 to 10. The batteries were: Braddock Heights, Lindsay, Bohlayer and Bryan; Y. A. C., Smith, Finnigan and

AT CAMP GOOD WILL.

Boys and Girls Having an Enjoyable

The hot weather of Washington is scarcely noticed by the happy boys and girls at Camp Good Will. All are now living in tents, much to the joy of some of the smaller children, who have never before approached so closely to soldier life. There are regular trips every day to the bathing pool at Rock creek, where swimming and water frolics are conducted under the direction of a volunteer worker. As soon as the dew is off the ground each morning a party starts out to pick blackberries or raspberries, seldom returning without a plentiful supply, generally transferred to the ever hungry stomachs. Swings, hammocks and see-saws are patronized all the time and games and story books, which, common as they may be to many people, are welcome luxuries to many of the girls and mothers who remain a week at amp Good Will.

Donations are coming in all the time, money for expenses, equipment for the house and grounds, games and books for the children and free will offerings have the children and free will offerings have become so popular that the pair of rabbits donated some time ago by Edward S. Schmid has presented to the children a little baby rabbit, which is so small that it refuses to stay within the little wire house that has served its parents so well.

Just now the donation for which all are looking is a horse and wagon. The remoteness of the camp makes a horse and a telephone a necessity and with the number telephone a necessity and with the number of mouths to feed ever increasing there is a daily call for that indispensable horse.

Temperance Pleasure Club. At the regular weekly session of the

remperance Pleasure Club, in their hall, 4th and L streets southeast, last evening, the following officers were elected for term ending December 31, 1904: President, Geo. W. Rue; vice president, Charlie Bean; secretary (third term), Walter Whitehead; treasurer (third term), Wesly Boswell.
The report of the secretary showed the club to be in a flourishing condition.
The committee appointed to revise the by-laws reported progress, and expects the nw laws at the next meeting.

After listening to interesting remarks from Geo. W. Rue, Wesly Boswell, Chas. E. Bleden and others refreshments were

Protest Against Hospital.

The Commissioners today received two more protests against the location of the proposed new Eastern Dispensary and Casualty Hospital in the vicinity of Massachusetts avenue, 7th and 8th streets northeast. The protests filed today are made by Mr. E. N. Waters and Mr. Lorenzo A. Bailey, an attorney for property owners in the vicinity.

The petitioners declare that the location of the hospital in the neighborhood would greatly depreciate the value of the property in the locality.

Charles F. Warren of Washington, N. C., formerly president of the State Bar Association, died at his home Monday of Bright's disease.

* PETER GROGAN. * ALEXANDRIA AFFAIRS | THE WORLD OF SOCIETY | SALE OF FRIAR LANDS

MR. AND MRS. VANDERBILT RECENT ENACTMENT BY TEL

PHILIPPINE COMMISSION.

Their Holdings-May Buy in Installments.

The bureau of insular affairs of the War Department has just received a copy of an enactment of the Philippine commission providing for the administration and tem porary leasing and sale of certain ha ciendas and parcels of land commonly known as "friar lands." for the purchase of which the government of the Philippine Islands has recently contracted.

titles to the lands, and the chief engineer to have careful surveys made of all hacien das and tracts of land, in order to deter public lands of the Philippine Islands, the chief of which, subject to the approval of the secretary of the interior of the Phil-lppines, is to administer the land.

He is enjoined by the enactment to ascertain the names and residences of the actual bona fide settlers and occupants in posses sion of these lands, or any portion of them together with the extent of their holdings and the character and value thereof: and to ascertain whether or not said occupants desire to purchase or lease their holdings In case the present occupant does not de sire to purchase, but does desire to lease, he may do so for a term not longer than three years, at a reasonable rental, to be fixed by the chief of the land bureau.

If the present settler or occupant of any portion of these friar lands desires to purchase, he is entitled to do so at the actual cost to the government, and shall be al lowed ten years from the date of purchase within which to pay for the same in equal annual installments if he so desires; all deferred payments to pay interest at the

of the government.

Control of Irrigation Works. The act also provides that all canals,

reservoirs and other irrigation works, common to all the properties, shall remain under the exclusive control of the government of the Philippine Islands, and the government reserves, as a part of the contract of sale, the right to levy an equitable contribution or tax for the maintenance of such irrigation works, based upon the amount of benefits received.

All money derived from the leasing or sale of these lands is to be promptly deposited in the insular treasury, to be held separate and apart from general insular

funds, and is to constitute a trust fund government for the purpose of raising money to pay the purchase price of these friar lands.

Upon recommendation of Auditor John R. Garrison, the Commissioners have di-
